Courses

Headway program at Giza Systems

my primary goal was to gain experience in front-end web development and to improve my skills in HTML, CSS, and JavaScript. As a frontend developer intern, I was responsible for designing and developing user interfaces for various web applications.

Ux/UI at FWD

my primary goal was to learn more about user-centered design and to gain practical experience in the field. As a UX design intern, I was responsible for researching, designing, and testing user interfaces for various digital products.

Graphic design online courses

I was able to gain practical experience through various online courses and tutorials. My primary goal was to learn more about the principles of design and to gain hands-on experience using design software.

Languages

- Arabic (Excellent)
- English (Very Good)
- French (Good)
